Bankruptcy case No: 08-1789 (BRL)
Bernard L. Madoff Investment Securities LLC

Claim No: 012079, 012164

Aggrieved party: Peter Rischl

Address: Untere Rainstasse 80, CH-6340 Baar

OPPOSITION

Dear Sir or Madam,

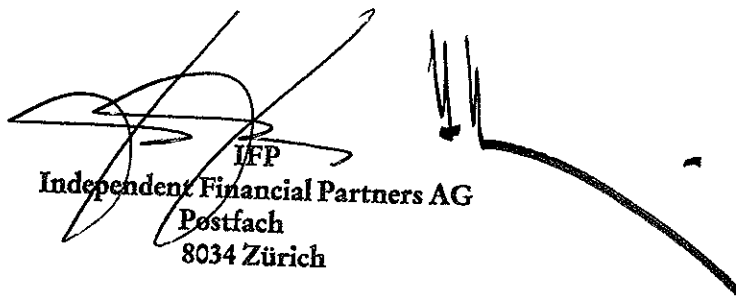

Regarding the determination of the above mentioned claim by Irving H. Picard, Esq., Trustee for the Substantively Consolidated SIPA Liquidation of Bernard L. Madoff Investment Securities LLC and Bernard L. Madoff, we believe that although not being mentioned in the books of Bernard L. Madoff Securities Investments LLC (BLMIS) as direct customer we should be viewed and treated as customers.

- The investment world since the inception of SIPA changed significantly; while formerly most investments were conducted via direct management of accounts, “state

of the art“ nowadays are investments via investment funds. So the purpose of the Securities and Investor Protection Act should be reviewed as a whole.

- It is worldwide accepted that the indirectly aggrieved party is treated as a “beneficial owner”. The “beneficial owner” is for all relevant financial and legal purposes equated with the direct holder.
- As already outlined we invested in a feeder fund. The feeder fund is a by the legal and financial system accepted and acknowledged form of participation to simplify the administration. There is no reason why this system, that only simplifies matters for all participants should be treated differently.

Because of the above outlined reasons a indirectly aggrieved party has to be treated equally to a direct holder. I therefore ask to review my claim and grant it.
